

PLAYING FOR MULTIPLE CLUBS

In order to play at multiple clubs, for example playing for premier and community or juniors and seniors, players will need to request a permit.
*Note: This is not to move from one club to another, for that you will need a transfer.

01

Register to one of your clubs, it doesn't matter which one.

02

Try to register to the second club, when prompted select Season Permit

03

Your permit will automatically be sent to the association and clubs for approval, you will receive an email once this has gone through.

04

Click the 'Get Started' button in the email and finalise your registration to your second club.
